

Fabrication, Drape forming and line bending

Mimtec

Mimtec fabricating and preparing parts

- Acrylic fabrication
- Drape/oven forming
- Blow moulded domes
- Line bending to various radiuses & shapes
- Acrylic, Polycarbonate, PPSU, PETG and Kydex
- Aircraft, Medical, POS and Marine industries
- Low cost tooling
- Great for optical clarity - ideal for machine covers
- Ideal for low volume/parts
- Flame, Diamond or machine polished

- Vacuum Forming • Pressure forming • Twin sheet moulding • 5 axis and 3 axis CNC cutting • Drape forming
- Heat bending • Fabrication and assembly • Design and CAD support • Tooling • Digital Printing • 3D Distortion
